

Week St Mary Adventure church

Adventure Church has had a busy year with ever increasing numbers of families taking part, some with several children so we have been trying to arrange activities for a range of age groups.

Our family outreach has proved to be a popular weeknight activity particularly as it involves a shared meal.

We always start with a Bible story and short prayer and then an activity loosely based on that theme. We find that the children are learning to cooperate as a group and enjoy the social interaction at tea time.

Pictures below show some of the winter activities that we have enjoyed this year. In the summer we try to be outside as much as possible.
